| Bicycle | Ice cream | Sailboat | Quail |

BUILDING COMMUNITY

We believe that a great community celebrates its differences, helps one another, and takes pride in the area we call home. Whether we're cheering on our local sports teams, climbing the trails in Tilden or exploring the urban Farmers' Markets, we're proud to call the East Bay our community and our home!

HOME

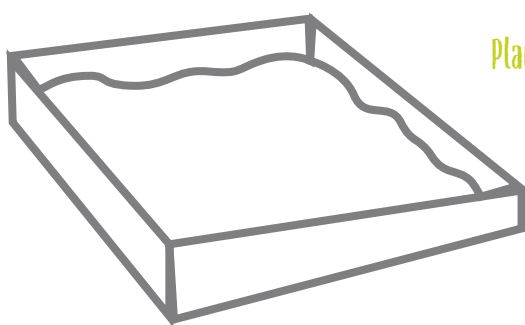

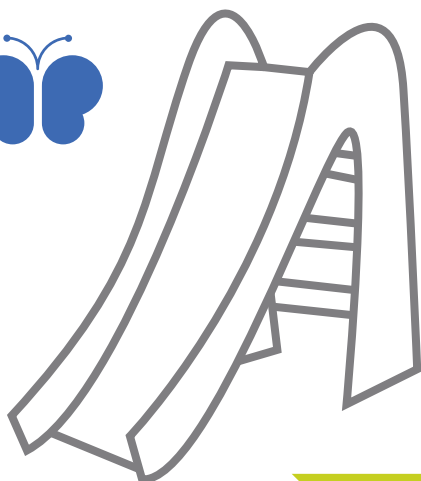

Home is where the heart is. It's also where families hold their most special memories and traditions.

What makes your home special?

Decorate the home.

JOKE > Which room has a heartbeat and breathes? The living room!

Playgrounds are a great place to make friends, have fun, and be active. Who's playing today? Draw your friends.

JOKE > Why did the kid cross the playground? To get to the other slide!

PLAYGROUND

SCHOOL

A school is more than just learning your ABCs.

It's also where we learn to work as a team, treat each other with kindness, and be curious.

Color in the school.

JOKE > Why did the teacher wear sunglasses? Because the students were so bright!

JOKE > What's the coolest vegetable? A rad-ish!

FARMERS' MARKET

The farmers' market is a fun place to buy what's fresh and meet the people who grow the yummy food we eat.

Draw your favorite fruits and veggies.
